

Current Projects

Cinema Park – Multiplex Cinemas Developments, Russia.

McFarlane Latter are currently providing consultant architectural services to Cinema Park in relation to a number of state-of-the-art multiplex cinemas in over ten different locations in Russia.

The project is to create a chain of multi-screen cinemas under the name of Cinema Park. Working closely with Cinema Park, McFarlane Latter develop detailed design proposals and working models which can be translated on to various shopping centre developments.

The first to open was Metropolis, in Moscow, which has eleven spacious auditoria in stadium style seating areas, providing excellent sight lines from all seats. There are a wide range of auditorium capacities offering a selection of films from blockbusters to 'art' films. Facilities include private lounge bar, American style cine-bar and café, interactive information points, themed foyer providing a unique, fun and relaxed environment. Luxury high back recliner seats are provided as standard, exclusively designed and produced for Cinema Park by Lino Sonogo of Italy.

Additional sites at St Petersburg and Tumen have opened during 2006.

McFARLANE LATTER

A R C H I T E C T S

Private Client – Chateau Refurbishment, Lyon, France.

Restoration of an 18th century chateau near Lyon. This substantial detached house is subject to a comprehensive internal and external refurbishment to provide a family home consisting of a grand galleried Entrance Hall, three Reception Rooms, Games Room, Kitchen, Garden Room, nine Bedrooms and six Bathrooms, extensive Basements and Attic. The project includes the construction of a new swimming pool in the garden, along with children's pool and decked area.

As well as the design and build element of this project. McFarlane Latter are also responsible for the appointment of local contractors, liaising with the relevant authorities and the procurement of regional trades, in order for the project to be substantially completed for the summer of 2006.
